County Attorney had no updates to report. Discussed Sheriff Smith's situation with the Nebraska Law Enforcement Training Center and his application to attend basic certification. David Stolz, council for the Police Safety Advisory Committee, contacted the commissioners via phone. Stolz provided information regarding Title 79, Chapter 13, section 004.02: notice of intent to appeal must be provided within 7 days of date of decision. Stolz's understanding was that no appeal notice had been filed, which waives the individual's right to appeal. Statute 81-1414 outlines the requirements of law enforcement officers, which include the requirement of passing the basic law enforcement training program from Nebraska Law Enforcement Training Center. The Sheriff could ask PSAC for a waiver to the basic training requirement for Sheriffs. If that waiver would not be granted by the 8 month deadline, there would be good cause for the fine from 23-1701.01 to be implemented. Stolz stated that in either case, the Sheriff would be allowed to remain in office beyond the September 5<sup>th</sup> date, barring any case of recall or resignation.

The Joint Public Hearing of the Dundy County Commissioners was held on September 18th, 2023 in the Dundy County Court Room. The notice of this meeting was published in the September 13th, 2023 issue of the county paper.

Present: Commissioners Scott Olson, Tom Richard, Aaron Keiser, Clerk Miles Preston, County Treasurer Penny Denny, County Assessor Tish Burrell, County Attorney Arlan Wine, Karen Baker, Paul, Higgins, Lester Beall, Lauren Jensen, Ray Stute, Mary Deyle, Tally Case, Elmer Case, Gene Sargent, Larry Sargent, Amanda Hansen, Jennifer Hansen, Dory Hansen, Brady Hansen Terri Yrkoski, Tim Yrkoski, Bob Stamm, Susan Glasco

Chairman Olson called the hearing to order at 6:00 P.M.

Chairman Olson explained the procedures for conducting the Joint Public Hearing on Proposed Property Tax Increases. Olson will explain the budget process and deliver a presentation breaking down the requested expenditures, then the public will be allowed to ask questions briefly, then individuals will be allowed to speak for 4 minutes each, then there will be another round of questions, before conclusion of the hearing. Valuation is not to be discussed at this meeting, and no other agenda item will be discussed besides property tax asking for the Political Subdivision intending to exceed allowable growth percentage: Dundy County. Olson explained the expenditures from each fund and function within the County Budget and stated the amounts being requested.

Olson opened the hearing for public questions:

Bob Stamm asked if the tax comes from just the land tax or if it comes from the whole county.

Ray Stute asked how many new employees Dundy County has hired for the roads department: No new positions, but we are budgeting for a working highway superintendent.

Public asked how much new equipment the county is purchasing for roads department. Replaced the totaled grader, purchased a new grader on payments over 5 years, and have a payment for the excavator.

Lester Beall asked if we are going to continue raising taxes or address wasteful spending. The sheriff purchased new shotguns just a few years ago, and the new sheriff purchased new firearms this year. Also the dodge pickup was purchased, but the Ford was supposed to be in rotation for a while longer still. – Keiser: there are several firearms that are listed to be surplus and sold. COVID put a bottleneck on obtaining new vehicles, so the sheriff's office was behind schedule on rotating their vehicles to the County Road Department. County Board will also now be making purchase decisions for all county vehicles.

Ray Stute asked why the maintainers aren't located near the job sites like they used to be, instead of driving them back to and from their road shops. – Olson stated that there is some difficulty getting logistics worked out for transporting road workers.

Dory Hansen asked about the increases of ~\$12,000.00 in the Clerk's office, as well as ~\$38,000.00 in the County Attorney's office. – Kaiser: addressed the county attorney's office increases; Full Time for County Attorney and Assistant, as well as deputy County Attorney part time labor. County Attorney's office is accounting for overtime, as well as programs that other counties used to provide but are no longer doing.

Jennifer Hansen asked if it is possible to better manage fuel and utilities costs at county buildings. – Olson: that is typically managed by shop supervisors, but we will look into that possibility. 5% of fuel savings would add up to a large reduction.

Brady Hansen asked what the county plans on doing when the average person's wages are not going up to meet inflation levels. Taxes keep going up, but they don't go back down. Can we extend out our equipment replacement schedules, or put off buying a new pickup every year? – Keiser: Labor expenses for equipment has more than doubled over the last several years. – Gene Sargent: Would it be cheaper to lease? – Olson: we are leasing a skid steer for bridge and culvert maintenance, going to try that for a year.

Dory Hansen asked how many road graders did we have when you were first a commissioner? – Olson: we've gotten rid of one. Each department has 3, and we had one spare, but we realized it was getting too expensive.

Tim Yrkoski said he's been on plenty of county boards: You almost have to take a small increase, just to cover your own costs increasing. If you don't then eventually you'll have to increase them at some point. That being said, I'm not for increasing taxes either, but get on a county board and you'll understand that it has to be done.

With no further requests for comment or questions, Chairman Olson closed the Joint Public Hearing at 7:14 P.M. The next meeting of the Dundy County Commissioners will be held on September 21<sup>st</sup>, 2023 at 3:30 P.M.

Commissioners reviewed the proposed County Surplus Property Form.

Motion by Olson to approve the County Surplus Property Form, seconded by Keiser.

Ayes: Unanimous

Olson stated he had received a call from (Unknown) Vrbas about interest in the County Road Worker position, but has not received an application from him.

Pam Reichert discussed 5 year hazard mitigation plan. Stated it is required to receive homeland security grants. Dundy County usually splits the cost with Chase and Perkins Counties. Discussed meeting with Jim Burgeson in which Communication Center renovation was discussed. Reichert stated she would like to discuss a situation she was unhappy with in which she recalled speaking with the Perkins County Sheriff at a meeting in which that individual relayed that Sheriff Smith had referenced the Communication Center renovation being for the purpose of building a new kitchen.

Miles Preston requested a written payroll policy be presented to the Clerk's office for Sheriff's Office employees. Sheriff Smith stated that he was working with a person named Linda from Nirma to develop a written payroll policy.

Sheriff Smith and Chief Deputy Ryan King discussed Sheriff's Office vehicles, and stated they were on the waiting list for a Dodge Durango for law enforcement vehicles. Cost would be approximately \$32,000.00 for a fully equipped vehicle. Also discussed purchasing a sheriff vehicle from Hays County in the ballpark of \$30,000-35,000.00. Commissioners said to move ahead with the Hays County vehicle purchase once a price is in writing, and to remain on the list for the other vehicle, but keep an eye out for a pickup.

Vince Turpin discussed EMS ride-alongs for a 16 year-old student. Commissioners attempted to reach Bryon Barnett with NIRMA to discuss work-comp and discuss any liability concerns. Turpin stated that the new cot for the ambulance was received, and that the state grant reimbursing a large portion of the cost should be coming in soon. Turpin stated that they still need to find a certified installer for the cot, and that he believes the closest is in Denver, but he's had trouble hearing back from them. Also stated that the new ambulance is in progress, and when it's delivered the old ambulance will need to be moved to surplus and sold. Discussed adding drivers for long hauls: Drivers are required to be 18 or older, possess a driver's license, and pass the Emergency Vehicle Operations Course. Asked if the board would prefer the drivers to be First Responder certified, but added that it's difficult to find First Responder classes locally. Turpin stated he would like the drivers to be CPR certified at minimum. Turpin is a certified CPR instructor, and Tony Ham is a certified EVOC instructor.

Olson called Pinnacle Bank about the county credit card progress. Mary Deyle stated that her understanding was the credit card application process was put on hold.

Kris Mathews delivered the Dundy County Hospital report. Stated seeing the budget hearing recording and wanted to address public questions. Mathews stated that the public had questions about how profitable the hospital. Mathews stated the hospital is not profitable, and presented financials from the past 5 years. Mathews explained that the hospital was only profitable during the Covid pandemic due to government funding. Mathews also addressed the hospital EMR system crossover difficulties, and that that process was improving. Stated that Medicare patient care will never be profitable, and that 60% of the DCH patient base is Medicare. Stated that taxpayer dollars were approached as a means to get the hospital back into the black, and/or be used for capital. Mathews discussed a daycare solution for the Hospital. Stated that if the daycare was provided for only hospital employee daycare, its costs would be

reimbursable, but that he would prefer a community solution rather than a centralized hospital solution. Mathews said that on the other hand, the hospital could provide meals to a community daycare, and those would be reimbursable, but DCH would not be able to be associated with it. Mathews asked the board if they would be willing to create a community daycare and appoint a department head. The board stated they would consider the proposal.

With no further business, Chairman Olson adjourned the meeting at 10:01 A.M. The next regular meeting of the Dundy County Commissioners will be held on November 6th, 2023 at 8:30 A.M.

These minutes are not the official record and may be corrected. A copy of the approved minutes is available to The Public in the Dundy County Clerk's Office. Any resolutions contained herein are available for viewing at the Dundy County Clerk's Office.
